

**NKR KOL\_PICO1\_Ekskl.studier****Characteristics of studies****Characteristics of excluded studies****Altenburg 2014**

Reason for exclusion	Kan ikke vurdere MRC grad
----------------------	---------------------------

**Altenburg 2015**

Reason for exclusion	Kan ikke vurdere MRC grad
----------------------	---------------------------

**Amin 2014**

Reason for exclusion	Duplet
----------------------	--------

**Arslan 2016**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Ashmore 2013**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Barberan Garcia 2014**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Bian 2015**

Reason for exclusion	Kan ikke vurdere MRC grad
----------------------	---------------------------

**Bjornshave 2013**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Boeselt 2017**

Reason for exclusion	Kan ikke vurdere MRC grad
----------------------	---------------------------

**Browne 2013**

Reason for exclusion	Kan ikke vurdere MRC grad
----------------------	---------------------------

**Calik Kutukcu 2015**

Reason for exclusion	Kan ikke vurdere MRC grad
----------------------	---------------------------

**Cameron Tucker 2014**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Cameron Tucker 2014a**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Cameron Tucker 2016**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Chan 2013**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Chan 2013a**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Chen 2015**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Cheriamane 2014**

Reason for exclusion	Duplet
----------------------	--------

**Coultas 2016**

Reason for exclusion	Kan ikke vurdere MRC, kun GOLD stadie
----------------------	---------------------------------------

**Dias 2013**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Donesky 2014**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Effing 2016**

Reason for exclusion	Wrong study design
----------------------	--------------------

**Farias 2014**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Fastenau 2015**

Reason for exclusion	Kan ikke vurdere MRC grad
----------------------	---------------------------

**Fu 2016**

Reason for exclusion	Kun protokol
----------------------	--------------

**Greulich 2013**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Greulich 2014**

Reason for exclusion	Paediatric population
----------------------	-----------------------

**Gurgun 2013**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Horta 2015**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Horton 2013**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Khoshkesht 2015**

Reason for exclusion	Wrong outcomes
----------------------	----------------

**Leite 2014**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Leite 2015**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Leung 2013**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Lou 2015**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Louvaris 2016**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Martinsen 2017**

Reason for exclusion	Wrong study design
----------------------	--------------------

**McNamara 2013**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Mendoza 2013**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Mendoza 2015**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Mitchell 2013**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Mitchell 2014**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Mohammadi 2013**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Moy 2015**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Moy 2015a**

Reason for exclusion	Abstract af ekskluderet studie
----------------------	--------------------------------

**Moy 2016**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Naseer 2017**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Niu 2013**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Niu 2014**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Osadnik 2014**

Reason for exclusion	Wrong study design
----------------------	--------------------

**Osadnik 2014a**

Reason for exclusion	Wrong intervention
----------------------	--------------------

**Oztunc 2016**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Pradella 2015**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Resqueti 2013**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Rodgers 2014**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Sanchez 2016**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Sidhu 2015**

Reason for exclusion	Wrong study design
----------------------	--------------------

**Sorensen 2017**

Reason for exclusion	Wrong study design
----------------------	--------------------

**Sun 2015**

Reason for exclusion	Kinesisk artikel
----------------------	------------------

**Tabak 2014**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Tsai 2016**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Tsai 2016a**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Tsai 2017**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Udsen 2017**

Reason for exclusion	Wrong study design
----------------------	--------------------

**Wadell 2013**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Wang 2014**

Reason for exclusion	Wrong outcomes
----------------------	----------------

**Wang 2015**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Watts 2013**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Webb 2013**

Reason for exclusion	Duplet
----------------------	--------

**WittUdsen 2017**

Reason for exclusion	Duplet af Udsen 2017 #42
----------------------	--------------------------

**Wootton 2014**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Wootton 2014a**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Wu 2017**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Xi 2015**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Xiao 2015**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Yeh 2014**

Reason for exclusion	Kun protokol
----------------------	--------------

**Yuwen 2016**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Zakeri 2013**

Reason for exclusion	Kan ikke umiddelbart skaffes
----------------------	------------------------------

**Zanaboni 2016**

Reason for exclusion	Kun protokol
----------------------	--------------

**Zhang 2016**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Zupanic 2014**

Reason for exclusion	Wrong patient population
----------------------	--------------------------

**Zwerink 2014**

Reason for exclusion	Kan ikke vurdere population
----------------------	-----------------------------

**Zwerink 2016**

Reason for exclusion	Wrong outcomes
----------------------	----------------
