

Characteristics of studies

Characteristics of excluded studies

Chou 2017

Reason for exclusion	Wrong patient population
----------------------	--------------------------

Dowell 2016

Reason for exclusion	Wrong study design
----------------------	--------------------

Gaskell 2014

Reason for exclusion	Wrong patient population
----------------------	--------------------------

Gaskell 2016

Reason for exclusion	Wrong study design
----------------------	--------------------

Gaskell 2016a

Reason for exclusion	Wrong patient population
----------------------	--------------------------

Hauser 2010

Reason for exclusion	Wrong study design
----------------------	--------------------

Hauser 2012

Reason for exclusion	Wrong study design
----------------------	--------------------

Hermans 2017

Reason for exclusion	Wrong outcomes
----------------------	----------------

Kim 2017

Reason for exclusion	Wrong intervention
----------------------	--------------------

Martin 2012

Reason for exclusion	Wrong intervention
----------------------	--------------------

Martin 2014

Reason for exclusion	Wrong intervention
----------------------	--------------------

Martin 2014a

Reason for exclusion	Wrong intervention
----------------------	--------------------

Menzies 2015

Reason for exclusion	Wrong study design
----------------------	--------------------

Menzies 2017

Reason for exclusion	Wrong study design
----------------------	--------------------

Ngian 2011

Reason for exclusion	Wrong study design
----------------------	--------------------

Sommer 2017

Reason for exclusion	Wrong study design
----------------------	--------------------

Wiffen 2014

Reason for exclusion	Wrong study design
----------------------	--------------------

Wiffen 2017

Reason for exclusion	Wrong study design
----------------------	--------------------
